

## Watch It

Brett Kissel

Watch it  
You'll climb that maple tree so high  
That you won't find your way back to the ground  
Watch it  
You'll dump that pedal bike for goodness sakes  
If you don't learn to hit them breaks more than you do now  
And watch it with your tone  
You butt heads with Momma  
You don't run this home  
Run around it all you wanna  
'Cause it's your safe place  
To be exactly who you are  
You won't always have it easy  
But you'll always always have our hearts

They say take life one day at a time and I'm trying  
But it's flying  
The world spins 'round and there's no way to bottle the lightning  
Or rewind it  
You're growing up so fast and I wish so bad that I could stop it  
The baby I'm so glad that I'm the one who gets the chance  
To watch it

When you first drive a car  
Yeah that's the start of a lot of sleepless nights 'round here  
And I'll watch it  
Slowly fall apart when someone breaks your heart  
And I can't do a thing to stop them tears  
For now we're busy laughing  
At whatever's on TV  
Someday it'll happen  
You'll be too cool for me

They say take life one day at a time and I'm trying  
But it's flying  
The world spins 'round and there's no way to bottle the lightning  
Or rewind it  
You're growing up so fast and I wish so bad that I could stop it  
But baby I'm so glad that I'm the one who gets the chance  
To watch it  
God I love to watch it

So tonight I'm gonna soak it in  
And let you hug me all you want  
'Cause memories last forever  
But moments don't last long

They say take life one day at a time and I'm trying  
But it's flying  
The world spins 'round and there's no way to bottle the lightning  
Or rewind it  
You're growing up so fast and I wish so bad that I could stop it  
Baby I'm so glad that I'm the one who gets the chance  
To watch it  
God I love to watch it  
Mhh watch it
