

# Runnin' Away from Home

Brett Young

What was I thinkin'?  
Flyin' away that night  
What was I drinkin'?  
Damn near made me lose my mind  
Where was I going, what was I doing?  
What was I hoping that I'd find?  
What was I thinkin'?  
Flyin' away that night

From those bright brown eyes shinin' like the store settin' fire to t  
he water  
That sunrise smile lightin' up that Northwest coastline  
That safe place kiss girl, how the hell did I not know?  
Walkin' away from you was like runnin', runnin', runnin'  
Runnin' away from home  
Runnin', runnin'

I must've been crazy, trying to let you go  
You were the only one thing my heart has ever known  
You were the place I wanna lay my head  
Instead I'm layin' down alone  
I must've been crazy, tryin' to let go

Of those bright brown eyes shinin' like the store settin' fire to the  
water  
That sunrise smile lightin' up that Northwest coastline  
That safe place kiss girl, how the hell did I not know  
Walkin' away from you was like runnin', runnin', runnin'  
Runnin' away from home  
Runnin', runnin'  
Runnin' away from home

I must've been crazy (Runnin', runnin')  
What was I thinkin' (Runnin')?  
Yeah

From those bright brown eyes shinin' like the store settin' fire to t  
he water  
That sunrise smile lightin' up that Northwest coastline  
That safe place kiss girl, how the hell did I not know  
Walkin' away from you was like runnin', runnin', runnin'  
Runnin' away from home

Runnin', runnin', runnin'  
Runnin' away from home  
Runnin', runnin'  
Runnin' away from home  
Runnin', runnin'
