

# Supposed To Be

Brett Young

This is so much more than I bargain for  
You give me more than I can say  
Have all I need and want nothing more  
I can't believe I feel this way, 'cause I've been wrong  
But with just one look at you the pain is gone and I'm moving on

Look what you do to me  
I don't fear anything when you're by my side, it all turns out right  
With my whole life ahead of me, I don't want for anything  
When I look in your eyes, I'm certain that I'm where I'm supposed to be  
I'm where I'm supposed to be

I found a place where my soul can rest  
It seemed impossible to me, but it's nothing more and it's nothing less  
And for once I wanna be someone you deserve  
'Cause before you came along, I only hurt  
Now I know what I'm worth

Look what you do to me  
I don't fear anything when you're by my side, it all turns out right  
With my whole life ahead of me, I don't want for anything  
When I look in your eyes, I'm certain that I'm where I'm supposed to be  
Yeah, I'm where I'm supposed to be

I won't waste time, tryin' to figure this out, oh no  
Because you're here with me now, you're here with me now

Look what you do to me  
I don't fear anything when you're by my side, it all turns out right  
With my whole life ahead of me, I don't want for anything  
When I look in your eyes, I'm certain that I'm, I'm where I'm supposed to be  
Yeah, I'm where I'm supposed to be

This is so much more than I bargain for  
You give me more than I can say  
Have all I need and want nothing more
