

Long Devotion

Brian Doerksen

You're my long devotion
You still set my heart in motion
You're my best decision
I still cherish every moment
With you

Once
I made the wisest choice of all
You
All of the years have proved it's true
Time
Coupled with care deepens our bond
Now
We're not turning back

You're my long devotion
You still set my heart in motion
You're my best decision
I still cherish every moment
With you

Now
I can remember all the ways
You
Stayed true and strong through all the change
Look
We've come so far without regret
Now
We're not turning back

You're my long devotion
You still set my heart in motion
You're my best decision
I still cherish every moment
With you

You're my faithful companion
You never abandon
Anything true about us
I am fully committed
To keep our lives knitted
Together we're more than enough
You're dependable, so reliable
You are faithful, true and loyal

You're my long devotion
You still set my heart in motion
You're my best decision
I still cherish every moment

You're my long...
You still set my heart in motion
You're my best decision
I still cherish every moment
With you
With you

You're my long devotion
