

## When You Shepherd Me

Brian Doerksen

When You shepherd me  
I have everything that I need  
When You make me rest  
Beside a peaceful stream

My soul is restored  
My strength is renewed  
When you shepherd me

When You shepherd me  
Your rod and staff comfort me  
As You guide my steps  
I can trust Your lead

Even when I walk  
Through the valley shadowed with death  
I will not fear for You are with me

I am overwhelmed by love  
Overtaken by Your mercy  
Lord Your goodness without end  
Will be the house in which I dwell

When you shepherd me  
Your prepare a bountiful feast  
Even when my enemies  
Are closing in on me

You anoint me with oil  
My cup overflows  
When You shepherd me
