

bless this space

Brian Eno

Bless this space
In sound and rhyme
As we suspend it
Arrested from the race
For meaning
By these slices
Of cityscapes
Each one
To the site of a thousand Londoners
The reburied and reborn
Brought together
In one life
In one life
Bless this space for now
Now
Now
Now
Now
Now
As rang the bells of this once godly place
While we step through mediums
Outside of the race
To look in
To look in
Bless this space
Bless this space
