

10 O'Clock On The Dock

Brian Kelley

It's been here since I lived here
Sometimes I sit here and throw a few back
I've caught some and I've caught none
But never caught a feeling like the one I have
And I don't bring just anybody
And girl, you ain't just anybody

Yeah, it's ten o'clock on the dock and the sky's lookin' crazy
I could stay all night just holdin' you, baby
Makin' waves but we ain't in the water
Just like that sun I'm a goner but damn, it's still hot
Blonde hair, back drop tangled up like the line in my old tackle box
It's ten o'clock on the dock

A beach town on some two by sixers
Love how the whiskey mixes
With the kiss and the wind through some old trees
Feelin' this good, I can't believe it's only

Ten o'clock on the dock and the sky's lookin' crazy
I could stay all night just holdin' you, baby
Makin' waves but we ain't in the water
Just like that sun I'm a goner but damn, it's still hot
Blonde hair, back drop tangled up like the line in my old tackle box
It's ten o'clock on the dock

I don't bring just anybody
And girl, you ain't just anybody

Yeah, it's ten o'clock on the dock and the sky's lookin' crazy
I could stay all night just holdin' you, baby
Makin' waves but we ain't in the water
Just like that sun I'm a goner but damn, it's still hot
Blonde hair, back drop tangled up like the line in my old tackle box
It's ten o'clock on the dock
Baby
Ten o'clock on the dock
Yeah
It's ten o'clock on the dock
