

# Fish All Day

Brian Kelley

Take a note from the snowbirds  
Take the boat down south where the coast turns  
Adios, fifty-sixer on a fast track  
Tangled up like a prop in a crab trap  
Anchor up this hacienda  
Only thing on our agenda

Fish all day, love all night  
Saltwater kisses and a key lime pie  
Jumper on a hook, man, he puttin' up a fight  
Like a Hemingway book done come to life  
Catch a little sunshine medication  
Little maritime meditation  
That sunny brick sittin' in the slips, reel ready to ride  
Fish all day, love all night

Get the life well maxed out, ice him down  
Throw the anchor on back down, hit the town  
Kill a couple painkillers, make a little of it  
Wake up and do it all again

Fish all day, love all night  
Saltwater kisses and a key lime pie  
Jumper on a hook, man, he puttin' up a fight  
Like a Hemingway book done come to life  
Catch a little sunshine medication  
Little maritime meditation  
That sunny brick sittin' in the slips, reel ready to ride  
Fish all day, love all night

Lovin' this life, livin' by the weather  
Rain or shine or rum, whatever

Fish all day, love all night  
Saltwater kisses and a key lime pie  
Jumper on a hook, man, he's puttin' up a fight  
Like a Hemingway book done come to life  
Catch a little sunshine medication  
Little maritime meditation  
That sunny brick sittin' in the slips, reel ready to ride  
Fish all day, love all night (Yeah)

Woah, oh, oh  
Woah, oh, oh  
Baby, what do you say?  
Fish all day, love all night
