

Rockin' Randall

Brian Kelley

I've been down but I'm feelin' better
All my rowdy friends are comin' over tonight
Them country sounds sound even better
With a pig in the ground and some beer on ice
Talkin' good friends, good whiskey
Good lovin', that's right
Play some Rockin' Randall tonight

Play some Rockin' Randall and Hank
Hand me a Jim Beam handle I can drink
Set me on a Tennessee river bank
Roll up some don't give a Hank what you think
Play some Ramblin' Man down from Alabam'
And I won't kick out your foot lights
Play some Rockin' Randall, play some Rockin' Randall tonight

It's a long way to Hollywood and we like it that way
It's a short drive to Dollywood in my Chevrolet
I got a diamond mine sittin' on my right
She got a twinkle little neon in her eyes
I ask her what she wants to hear
She says, "Play some Rockin' Randall tonight"

Play some Rockin' Randall and Hank
Hand me a Jim Beam handle I can drink
Set me on a Tennessee river bank
Roll up some don't give a Hank what you think
Play some Ramblin' Man down from Alabam'
And I won't kick out your foot lights
Play some Rockin' Randall, play some Rockin' Randall tonight

Talkin' good friends, good whiskey
Good lovin', that's right
Play some Rockin' Randall tonight

Play some Rockin' Randall and Hank
Hand me a Jim Beam handle I can drink
Set me on a Tennessee river bank
Roll up some don't give a Hank what you think
Play some Ramblin' Man down from Alabam'
And I won't kick out your foot lights
Play some Rockin' Randall, play some Rockin' Randall tonight
Tonight, tonight, tonight
Ooh, Rockin' Randall tonight
Play some Rockin' Randall tonight
