

# Safe Harbor

Brian Kelley

If you were the boat  
And I was the coast  
I'd let you float right into my arms  
Don't bottle a note  
Send up smoke  
I'm already close, ain't never that far  
When the sky comes falling down  
We can ride it on out

I'll be your safe harbor  
When the storm's rolling in  
Your light in the dark, girl  
Shelter you from the wind  
Don't knock, just come on in  
You can anchor down here, girl, anytime  
Twenty-four-seven, three-sixty-five  
When life gets hard on your heart, girl  
I'll be your safe harbor

When the waters are rough  
I'll be the calm  
You can tie on up until the rain gets gone  
I'll be your sunshine state of mind  
For the rest of your life

I'll be your safe harbor  
When the storm's rolling in  
Your light in the dark, girl  
Shelter you from the wind  
Don't knock, just come on in  
You can anchor down here, girl, anytime  
Twenty-four-seven, three-sixty-five  
When life gets hard on your heart, girl  
I'll be your safe harbor

Yeah, I'll be, I'll be  
I'll be your safe harbor  
Yeah, I'll be, I'll be

I'll be your safe harbor  
When the storm's rolling in  
Your light in the dark, girl  
Shelter you from the wind  
Don't knock, just come on in  
You can anchor down here, girl, anytime  
Twenty-four-seven, three-sixty-five  
When life gets hard on your heart, girl  
I'll be your safe harbor  
(I'll be your sunshine state of mind)

Yeah, I'll be, I'll be  
I'll be your safe harbor  
(I'll be your sunshine state of mind)

Yeah, I'll be, I'll be  
I'll be your safe harbor

Yeah, I'll be, I'll be  
I'll be your safe harbor

Yeah, I'll be, I'll be  
I'll be your safe harbor
