

# Too Pretty A Place To Fight

Brian Kelley

It's too pretty a place to fight  
Let's put it all on the shelf  
Let's just say "goodnight"  
Don't wanna sleep by myself

Girl, we got us a paradise  
Let's not put ourselves through hell  
It's too pretty a place to fight  
Let's jump off of this crazy carousel ride

It's too pretty a place to fight  
Pull the bottle off the shelf  
Rest your head on my shoulder  
Don't wanna drink by myself

Girl, we could change the tide  
Only we can save ourselves  
It's too pretty a place to fight  
Let's jump off of this crazy carousel ride

We could go 'round and 'round for hours  
Miss a good sundowner  
Miss out on everything we came here to do  
Let's not let this go any further  
Came too far for us to be hurting  
There's an ocean full of my love out there for you

Aw. It's too pretty a place to fight  
Let's jump off of this crazy carousel ride

It's too pretty a place to fight  
Let's put it past us right here  
Girl, I wanna make it right  
Turn that coast back to clear

'Tween the moon shining so bright  
And that dress that you got on  
It's too pretty a place to fight  
Let's jump off of this crazy carousel ride

We could go 'round and 'round for hours  
Miss a good sundowner  
Miss out on everything we came here to do  
Let's not let this go any further  
Came too far for us to be hurting  
There's an ocean full of my love out there for you

Aw. It's too pretty a place to fight  
Let's jump off of this crazy carousel ride

Girl, we only got the weekend  
And we're off into the deep end  
I don't wanna go toe-to-toe  
When we can see eye-to-eye

It's too pretty a place to fight  
Let's jump off of this crazy carousel ride

It's too pretty a place to fight
