Off My Mind

Brian McComas

I just spent another day tellin' myself I'm alright
And it's not gonna hurt me to spend another lonely night
I guess I've lied so many times to everyone else
I'll bet I think it's gonna work when I start lyin' to myself
But baby you and I both know the truth
I've been lost since the day that I lost you

Ever since I've been without you
I try not to think about you
But I think about you all the time
I never should have ever let you go
And now I need to let you know
I realize that I was blind
I can't get you off my mind

Yeah I know for a while that the road got a little rough
Found ourselves at the bottom of the world we were on top of
I never listened to you when you said we were growin' apart
But I've had enough time to know now that I'm ready to start
Bein' the man that you need me to be
I'm sorry it took so long for me to see

Ever since I've been without you
I try not to think about you
But I think about you all the time
I never should have ever let you go
And now I need to let you know
I realize that I was blind
I can't get you off my mind

Ever since I've been without you
I try not to think about you
But I think about you all the time
Never should have ever let you go
And now I need to let you know
I realize that I was blind
I can't get you off my mind

Oh no, I can't get you off my mind
