

# Cigarettes and Coffee

Brian McFadden

It's early in the morning  
'Bout a quarter to three  
I'm sittin' here talkin' with my baby  
Over cigarettes and coffee, yeah

And to tell you that  
Darlin' I've been so satisfied  
Honey since I met you  
Baby since I met you

All the places that I've been around  
And all the good looking girls I've met  
They just don't seem to fit in  
Knowin' this particular sadness

But it seems so natural  
Darlin' that you and I are here  
Just talkin' over  
Cigarettes and drinkin' coffee, yeah

And how my heart cries out  
Love at last, I found you  
'Cause honey won't you let me  
Just build my whole life around you

And well how complete  
How complete my whole life would be, yeah  
If you take things under consideration  
And put that desire with me, and our love

People say it's so early in the mornin'  
Oh it's a quarter to three  
But we're still sittin' here talkin'  
Over cigarettes and coffee, yeah

And I'd like to show you, yeah  
I know nothin' but good old joy  
Since I met you  
Honey since I met you, oh

I would love to have another drink of coffee  
And help me smoke just one more cigarette  
I don't want no cream or sugar  
'Cause I've got you now, darlin'

Help me to enjoy  
Just me and you, yeah  
'Cause I got you, you got me  
And we'll have each other

Enjoy here tonight, yeah  
Drinkin' coffee and smokin' cigarettes  
All the night, oh yeah
