

Nobody's Fault But Mine

Brian McFadden

I couldn't love you your way
Yeah, and still you came to see me day by day
But now I miss you all the time
No heart can be as sad as mine
Ain't nobody's fault but mine

What will lie due tomorrow
Burden down and suffer with my sorrows
But crying ain't gonna help me knock
I made a mistake anyhow
Ain't nobody's fault but mine, yeah

One day I got to pay for my mistakes
It's gonna carry me straight to my grave
I gotta tell you, now yeah

Instead of you tryna spend my money
Yet your favorite word was to call me honey
But I was just a doggone fool
Tryna be so doggone cool
Ain't nobody's fault but mine, yeah

I thought I done and did it, uh
I made a big mistake, yeah
Right here, right here, right here

Ain't nobody's fault but mine
Ain't nobody's fault but mine, yeah
Uh, ain't nobody's fault but mine
Ain't nobody's fault but mine
Ain't nobody's fault but mine, yeah
Woo

Ain't nobody's fault but mine
Ain't nobody's fault but mine
Ain't nobody's fault but mine
Ain't nobody's fault but mine
Ain't nobody's fault but mine
Ain't nobody's fault but mine
Ain't nobody's fault but mine
Ain't nobody's fault but mine
