

Bad

Brian McKnight

Said I was comin' up to see ya
You said, "Why?"
That if I was comin' up to get with you
"Save your money, don't waste your time"
Girl, you got me so frustrated
Don't know what to do
You said you're waitin' for the real thing
Take it slow, get to know you

Bein' the good girl
Might be a drag
That I can't get with you, yet
Makes me sad
That this might turn into somethin'
Makes me glad
Yeah, baby, you got my number
When you wanna be bad

So I called you two weeks later
You said, "Hi!"
Actin' like you were happy to hear for me
Like you remember that I was alive
Said you were comin' back in a few days
"Could we go out?"
Even though I knew you'd tease me
I answered affirmative, there was no doubt

Bein' the good girl
Might be a drag
That this might turn into somethin'
Makes me glad
That I can't get with you, yet
Makes me sad
Well, baby, you got my number
When you wanna be bad

And that's why I'll wait for you
But only for you
And that's why I'm willin' to jump through every hoop
That you put me through

Be that good girl (be that good girl)
That I never had (be that good girl)
That this might turn into somethin' (be that good girl)
Make me glad (be that good girl)
And that I can't get with you, yet (be that good girl)
Make me sad (be that good girl)
But, baby, you got my number
Baby, you got my number
Baby, you got my number
When you wanna be bad
