

Forever

Brian McKnight

The song is about two of us
There ain't no stopping it
There's no good in goodbye
Not even a little bit

And eventhough I know when you're coming back
Baby, I hate to see you'd go

So..
I'm gonna keep you're here with me
Cause I believe, we belong together, together
Anywhere you want is the best to be
And I can stay there forever, forever, forever...
Forever me, forever...

Soon as you left the door
I'll be the loneliness in side me
And need a little bit more
No more anyone else beside me

And eventhough I know when you're coming back
Baby, I hate to see you'd goes

So..
I'm gonna keep you're here with me
Cause I believe, we belong together, together
Anywhere you want is the best to be
And I can stay there forever, forever, forever...
Forever me, forever...

When you're not here with me
Can't breathe
This house is not a home
To been anything with you baby
Is better than being alone

So..
I'm gonna keep you're here with me
Cause I believe, we belong together, together
Anywhere you want is the best to be
And I can stay there forever, forever...

I'm gonna keep you're here with me
Cause I believe, we belong together, together
Anywhere you want is the best to be
And I can stay there forever, forever, forever, forever...
Forever, forever, forever me...
