Brian McKnight

We don't really talk like we used to  
Just 128 characters or less  
And we don't really love like we used to  
Is anyone willing to clean up the mess

Are children fit for our mistakes?  
The planet is about to take a fall  
What if it breaks, what will it cost?

Oh, we gotta take it back  
All the way back to the beginning  
We're gonna make it back  
Back to the days when we were winning  
Tell me we're not due for a change  
I know I'm ready and willing  
To die for this  
Are you down for this?  
Metamorphosis, Genesis

We don't take a stand like we used to  
We're always a dollar short or a day too late  
Cause we don't give a damn like we used to  
Just a whole lot of talking with nothing to say

Are children fit for our mistakes?  
The planet is about to take a fall  
What if it breaks, what will it cost?

Oh, we gotta take it back  
All the way back to the beginning  
We're gonna make it back  
Back to the days when we were winning  
Tell me we're not due for a change  
I know I'm ready and willing  
To die for this  
Are you down for this?  
Metamorphosis, Genesis

Genesis  
Metamorphosis  
Die for this  
Are you down for this  
Metamorphosis  
Genesis  
Metamorphosis  
Die for this  
Are you down for this  
Metamorphosis

Oh, we gotta take it back  
All the way back to the beginning  
We're gonna make it back  
Back to the days when we were winning  
Tell me we're not due for a change  
I know I'm ready and willing  
To die for this  
Are you down for this?
