

How

Brian McKnight

I didn't wanna be here
But you brought me anyway
Told you over and over again
I didn't wanna feel this way

One look in your eyes
And the battle is lost
And I lose it
Every time we touch

How did you do this to me?
You've opened my eyes and now I see
No matter how I try to hide it
No matter how I try to fight it
How (how)
How did you do this to me?

You've taken control of me
It feels so good I can't explain
This is not where I wanted to be
It feels so good I can't complain

If I give you my heart
Then the battle will be lost
And I lose it
Every time we touch

How did you do this to me?
You've opened my eyes and now I see
No matter how I try to hide it
No matter how I try to fight it
How (how)
How did you do this to me?

But still I know I didn't wanna touch you
'Cause I didn't wanna hurt you
I promised myself way back when
That I'd never feel this way again
Look at me now
Tell me how

How did you do this to me?
You've opened my eyes and now I see
No matter how I try to hide it
No matter how I try to fight it
How (how)
How did you do this to me?
