

# Must Be Love

Brian McKnight

I used to hang out all night  
Ladies on the left and and the right  
They used to call me Mr. Shady down low undercover  
(This must be)  
I didn't give a damn what I said  
As long as they awoke in my bed  
I was gonna get it one way or the other  
(This must be)  
I was just as fast as I could be  
Didn't want nobody changing me  
I'd go running from lover to lover  
Then you walked in my life right on time  
Not a penny short of a dime  
And baby I'm beginning to discover

This must be love  
It must be love, yeah  
Cause tell me what is love  
If this ain't love  
This must be love  
It's gotta be love, yeah  
Cause tell me what is love  
If this ain't love

It's all because of you  
I'm doing all the things I would not do  
I've come so far I don't think I'll recover  
Now everybody in the world can see  
That you've become the biggest part of me  
And I could never leave you for another

Oh when you come close to me  
I know this is the way  
That it's supposed to be  
Ever since that day  
You came up around my way  
You're all that I think of  
And I know this must be love

You got me saying things I would not say  
On top my things to do today  
All I ever want to do is love ya  
It's like I was blind but now I see  
I can't believe the change inside of me  
And baby I'm beginning to discover
