

# Off Your Rocker

Brian Setzer

Well, I'm just a guy that's mad for rockin'  
But my folks say I should be stoppin'  
My crazy ways  
I ain't askin' for more

Rockin' and rollin' till the sun goes down  
Playing my music from town to town  
In a crazy way  
I ain't askin' for more

So come on pretty baby  
I don't mean maybe  
Come on, so come on, so come on

My Daddy says : You're off your rocker  
My Mama says: You're off your rocker  
My Baby says: You're off your rocker  
How you gonna live your life like that?

Gonna get me a git box  
And make it sing  
With a gear shift lever  
Just to bend the strings  
In a crazy way  
I ain't askin' for more Mama  
Gonna find a little girl  
Just to have and hold  
She sure fine lookin'  
And if truth be told  
I might need a little lovin'  
I ain't askin' for more

Come on pretty baby  
I don't mean maybe  
Come on, so come on, so come on

My Daddy says : You're off your rocker  
My Mama says: You're off your rocker  
My Baby says: You're off your rocker

How you gonna live your life like that?

Come on now  
I won't do you no wrong  
Strum my guitar  
I'm gonna sing you a song  
Don't cha know  
I gotta get out of my home  
Cause my folks won't leave me alone

Gonna get me a git box  
And make it sing  
With a gear shift lever  
Just to bend the strings  
In a crazy way  
I ain't askin' for more  
We'll travel all around

Just havin' some fun  
Playin' our music  
Baby when we're done  
We'll do it all again  
I ain't askin' for more

Come on pretty baby  
I don't mean maybe  
Come on, so come on, so come on

My Daddy says : You're off your rocker  
My Mama says: You're off your rocker  
My Baby says: You're off your rocker  
How you gonna live your life like that?

How you gonna love a life like that?  
How you gonna find a guitar like that?  
How you gonna find a gal like that?  
How you gonna find a job like that?  
You're off your rocker
