

## Rockabilly Riot

Brian Setzer

Everybody's gettin' revved up  
Yeah here it comes  
It's a symphony of bass, guitar, and drums  
When the sticks hit the cans  
And the downbeat drops  
You know somebody's  
Gonna call the cops  
Hold on tight  
Or you'll never make it out alive

It's a rockabilly riot - yeah yeah!  
It's a rockabilly riot - alright!  
It's a rockabilly riot - yeah yeah!  
Riot all night long - alright alright!  
And you know you can't deny it  
So you really gotta try it  
It's a rockabilly riot  
Riot all night long

Well it's hotter than a hot rod  
And it's Cadillac cool  
And it sure ain't nothin'  
That you're ever gonna learn in school  
Yeah the joint is jumpin'  
When the slap bass pounds  
Even the drummer boy can't sit down  
These danger chords  
Are settin' off the dynamite  
The big guitar hits the tremolo  
And everybody's shoutin'  
Alright, now go man go!  
All the wild guys and the crazy girls  
Feel the shock heard 'round the world  
And once you hear it  
You're never gonna be the same
