

## Adventure Time

BriBry

If I lose my head again, please remind me that I have nothing  
And I'd be nowhere without you to protect me  
If you can't reach me again, well you are my only friend  
You'll find me at the bottom playing guitar badly  
Life's a game to me, but with only one controller  
And he's unhappy

So please, please, please won't you join me  
Until the very end  
It's adventure time again

When I enter Fatherhood, if I can't teach what is good  
Won't you promise that you'll refresh me  
If I lose my Irish charm when there's grandkids hanging off my  
arms  
We'll go on an adventure and relive history  
Life's a game to me, but with only one controller  
And it's out of batteries

So please, please, please won't you join me  
Until the very end  
It's adventure time again

I fell in love with life but only when I met you  
Only right there and then  
So let's be what we could have been  
You could be most anything  
But all I wanted was a friend

So please, please, please won't you join me  
Until the very end  
It's adventure time again
