

## All We Are

**Bride**

So much to love  
So much to hate  
So much to care for  
Now it's too late  
All we are  
All that we lost at any cost  
All that we save at the cross  
So much to build  
So much to burn  
So much to break  
Got to take my turn  
So much to give  
So much to take  
So much apathy  
So much at stake
