

# Hired Gun

Bride

They pay me lots of money for what I do  
I'm a dancer, midnight romancer under the moon  
I'm on the clock and I like to rock  
And I don't work the streets  
You'll be amazed and your eyes are glazed  
When I do my high wire feat  
Yeah

Exterminator, I'm a rawhide gangster  
I can equal the odds  
I pay for your sin with my boyish grin  
I create the facade  
Steady hand, I'm a gentle man  
I've got deadly aim  
Womanizer and I'm a lone survivor  
I like to play the game

I hope you and Jesus have it all worked out  
I hope you and Jesus have it all worked out  
I'm a hired gun, I'm a hired gun  
I'm a hired gun, I'm a hired gun

There is no heaven here on earth  
Love must rule us all  
Black days are coming  
Every prideful man will fall  
Have no fear or shed a tear  
But there will come a day  
When I'm looked in the eye  
And I'm asked to die  
And I'll hear somebody say

I hope you and Jesus have it all worked out  
I hope you and Jesus have it all worked out  
I'm a hired gun, I'm a hired gun  
I'm a hired gun, I'm a hired gun

I hope you and Jesus have it all worked out  
I hope you and Jesus have it all worked out
