You've got me all figured out
Don't come and walk back
Into my house

When you told me you had figured it out
When you told me you had figured it out
When you told me you had figured it out
When you told me you had figured it out

The day you told me
So fucking lonely, you're a bitch
So fucking lonely, you're a bitch
So fucking lonely, you're a bitch
So fucking lonely, you're a...
