

## If I Could

Bridget Kelly

Is it true (was it true)  
That the best thing that ever happened to me  
Was you (was you)  
Guess now we'll never find out  
Damn it's cruel  
You probably don't believe that I care  
But I do  
Ain't no apology that I could give in the world

To change the past, never knew  
What I had until it's gone  
And that's too bad, I've given up  
I'm done when love ain't enough

I fucked it up  
And now I got a broken heart  
'Cause I fucked it up  
And we don't even know who we are  
'Cause I fucked this up  
Is it too little too late  
To say I fucked it up  
And I don't know if I would change it  
Even if I could

Even if I could  
Wouldn't change it even if I

Let's pretend  
That I didn't silence your calls  
When I was with my friend  
Late nights turn to mornings and I  
Was sleeping next to him  
Ain't no excuse that I could give in the world  
Or change the past if I could go back  
I'd take the call and say I'll call you right back  
And then I'd go home, sleep by myself  
Instead of giving your love away to someone else

Man I fucked it up  
And now I'm all alone  
'Cause I fucked it up  
Who would've thought that I'd be selfish enough  
To fuck it up

Is it too late to say I hate I fucked it up  
I swear that I would change it baby if I could  
If I could (if I could)  
Swear that I would change it baby if I could
