

It's True

Bridget Kelly

Good intentions
Intuition
That should be enough
Cuz with good intentions
And no conditions
That's all we need in love

Keep it simple get back to the basics
Quality time, understanding, patience
Only make promises you won't break em
Open and honest communication
Let me know when you need motivation
Fairytale or history in the making
If you're down that's the chance you're taking

Probably shouldn't tell you this
But it's true
Cuz I'm convinced that God took His time with you
And you're crazy far from perfect but its cool (yeah)
Don't trip baby I'm fallin'
Bet it all baby I'm all in
And I probably shouldn't tell you this
Probably shouldn't tell you this
Probably shouldn't tell you this
But it's true

Tell me how you feel, you ain't gotta fake it
If this is a dream you ain't gotta chase it
You're my favorite
Only song on repeat on my playlist
Heartbroken I could save it
I love you the way you are, Bruno Mars shit
You got everything I want
And there ain't no need to front

Keep it simple get back to the basics
Quality time, understanding, patience
Only make promises you won't break em
Open and honest communication
Let me know when you need motivation
Fairytale or history in the making
If you're down that's the chance you're taking

Probably shouldn't tell you this
But it's true
Cuz I'm convinced that God took His time with you
And you're crazy far from perfect but its cool (yeah)
Don't trip baby I'm fallin'
Bet it all baby I'm all in
And I probably shouldn't tell you this
Probably shouldn't tell you this
Probably shouldn't tell you this
But it's true

No matter where you are
I'll always keep it real
Cause trust is hard to build

And I know how it feels
To love someone
And not get that same love from them's all bad
Mmm yeah, its all bad
