

Maybe

Bridget Kelly

I've never been this jaded
I've painted love
To be your mystery
To play all my charades
Just to hide
I feel my heart
Feeling like it's against the code
That's when I go cold
Seems like changing is the worst possible

Well maybe, maybe, just maybe
You could feel a little love inside
I can open up my heart and mind
Just maybe, maybe, maybe
You could find a little hope for us
I'll put in a little overtime
Darling, for you, darling, for you

Ain't an easy road
I learned that long ago
Doubt tears us apart
And hurt people, hurt people
Pain is the only love we know
But I can't let you go no, I can't let you go

Well maybe, maybe, just maybe
You could feel a little love inside
I can open up my heart and mind
Just maybe, maybe, maybe
You could find a little hope for us
I'll put in a little overtime
Darling, for you, darling, for you

Believe me
We can be living a dream
Love will never leave, and maybe

Well maybe, maybe, just maybe
You could feel a little love inside
I can open up my heart and mind
Just maybe, maybe, maybe
You could find a little hope for us
I'll put in a little overtime
Darling, for you, darling, for you
