

# Not Afraid

Bridget Kelly

Shades on, brand new sneakers  
Red lipstick and ripped up jeans  
Loud music in all my speakers  
Baddest tom boy you'd ever seen

See, I, I may not be everybody's cup of tea  
But I'll be damned  
if I change for anybody but me  
Cause in the end they always  
circle back around us to see  
if you became all the amazing shit  
you said you would be

It's alright, I'm ok  
If I'm alone best believe  
that I want it that way  
it might hurt but I'm not afraid  
I guess that's the reason why  
they call them growing pains, growing pains

Who said I need all the all the answers?  
Cause no one's got it all figured out  
I'm not there yet but I'm  
one step closer  
yeah to my vision  
and what my life's about  
yea yeah

So what if I don't take directions from you  
You might see things differently  
if you walk in my shoes  
I'm sure your heart it has  
the best intentions for me  
but I would rather blaze a trail  
then to follow your lead

It's alright, I'm ok  
If I'm alone best believe  
that I want it that way  
it might hurt but I'm not afraid  
I guess that's the reason why  
they call them growing pains, growing pains

Growing pains, these growing pains  
Growing pains, growing pains, growing pains  
Growing pains, these growing pains  
Growing pains, growing pains, growing pains

What will I do if I never make it?  
I must have asked myself a thousand times  
when it's my moment, will I be ready?  
show the whole world what I've felt all my life

What will I do if I never make it?  
I must have asked myself a thousand times  
when it's my moment, will I be ready?  
show the whole world what I've felt all my life

Can't see the future  
I don't know what's in store  
but I feel like I'll be fine  
as long as I stay the course  
hurts like hell to leave behind  
all the things from the past  
but I know that I'll be happy everytime  
I look back

It's alright, I'm ok  
If I'm alone best believe  
that I want it that way  
it might hurt but I'm not afraid  
I guess that's the reason why  
they call them growing pains, growing pains

Growing pains (oh said these) these growing pains  
Growing pains (can't get away) growing pains  
(from my growing pains) these growing pains (ooh oh oh oh ohoh)  
Growing pains, these growing pains  
Growing pains, growing pains, growing pains
