

Tell Me You Didn't

Bridget Kelly

Babe, can you hold me?
Before I fall to piece
Breaking down slowly
Missing a part of me

I gave you a piece to hide for me in case I needed it
Do you have it?
I need it back
Tell me you didn't

Tell me you didn't
Leave my heart laying on the ground
Say you remember where it was when you put it down
Tell me you didn't lose my heart
You didn't lose my heart
Now, did you?

Your heart beats for me

Hearts are built for two
But I ran and hid mine instead

I gave you a piece to hide for me in case I needed it
Do you have it?
I need it back
Tell me you didn't

Tell me you didn't
Leave my heart laying on the ground
Say you remember where it was when you put it down
Tell me you didn't lose my heart
You didn't lose my heart
Now, did you?

Did you lose a piece?
There's no way you could do that to me
Lose the only thing I ever needed
Believe it
Say if you did

Tell me you didn't
Leave my heart laying on the ground
Say you remember where it was when you put it down
Tell me you didn't lose my heart
You didn't lose my heart
Now, did you?
