**Am** **Em**  
1. It's a long road and it gets winding  
**F**  
Fog is real low and it's so blinding  
**Am** **Em**  
Oh, I'm trying to steer trying to take the lead  
**F** **C**  
But I feel like the road is steering me  
**Am** **E**  
Getting so lost like a castaway  
**F** **C**  
Feeling so cross like a renegade  
**Am**  
And I'm trying to call out in the big city  
**F** **C**  
Just a small voice and no one's listening to me  
**Am**  
Oh  
**Em** **F**  
Tell me where to go  
**C** **Am**  
Tell me that you know  
**Em** **F**  
Just how bright I glow

**Am** **Em** **F** **C**  
R: Every time that you think you've lost your shine  
**Am** **E**  
Just remember nothing's brighter  
**F** **C**  
You're the city lights  
**Am** **Em** **F** **C**  
Every time that you fade into the night  
**Dm** **E**  
Just remember you're the fire  
**F** **C**  
You're the city lights  
**Am** **Em**  
That shine into the night, night, night, night, oh  
**F** **C**  
Shine into the night, night, night, night, oh  
**Am** **Em**  
Shine into the night, night, night, night, oh  
**F** **C**  
Shine into the night, night, night, oh, oh

2. Oh, I'm blending in and I'm sticking out

Like a sore thumb that they don't know about  
**Am** **Em**  
Wanna make peace wanna just breathe  
**F**

Wanna be the light that makes them all believe
