

# Eyes Betray

Brightwood

Hey you!  
Don't you run  
I know you  
and the things you've done  
Careful what your lips imply  
Your eyes will not tell a lie

Listen, don't try to explain  
There is no resolution at the end of the day  
I know you were not lonely  
I know you weren't afraid  
The only thing you've proven  
Is your lack of self-restraint

Take it away now  
With a smile  
With the twinkle of an eye  
She will fight it when you steal her love for your lust  
Take it away  
She will hold on, hold on

Hey you!  
Don't you hide  
Cause I see you  
I see the one that you made cry  
Careful, choosing what to say  
Cause your eyes will betray

You say it was your father  
and his violent hand  
Or was it your mother  
and how she never taught you to be a man?  
But if you blame somebody  
then it might as well be me  
Cause its only your own choices  
That define who you'll be

Take it away now  
With a smile  
With the twinkle of an eye  
She will fight it when you steal her love for your lust  
Take it away

You told her she was special  
And nothing could tear you apart  
But when you finally wake up  
She will be gone

Take it away now  
With a smile  
With the twinkle of an eye  
She will fight it when you steal her love for your lust  
Take it away  
She will hold on, then she will let go
