

Messiah

British India

Turn off the music and said that I'll see you tomorrow
But I don't think I'm likely to come back

Try to be a punisher take two pills every morning
But I don't think I'm likely to do that

Hey chrome messiah
Put down that child
The coke head's camera
Just loves your smile
Loves your smile
Loves your smile

Sarah stole my voice today my phone rings I don't
answer
This generation's mutant staying home

Promise you won't tell a soul
My brain fills up with cancer
If you change your plans just let me know

Hey chrome messiah
Put down that child
The coke head's camera
Just loves your smile
Loves your smile
Loves your smile
Yeah yeah yeah

Hey chrome messiah
Put down that child
The coke head's camera
Just loves your smile
Loves your smile
Loves your smile
