

Russian Roulette

British India

Let's go

And last week on Swan street
People pointed to me they said boy that's last week
And I tried last night
and they laughed had a drink and said boy your alright

So hold on
And be strong
When you think it's as good as it gets
Well I can show you how to win at Russian roulette
And I can show you how to win at Russian roulette
I can show you how to win at Russian roulette
I can show you how to win at Russian roulette
Pull the trigger pull the trigger
pull the trigger, pull it!

And if we could just be
Quiet for one second I think they would see
And so leave, but don't leave
Coz she's throwing my things out onto the street

So hold on
And be strong
When you think it's as good as it gets
Well I can show you how to win at Russian roulette
And I can show you how to win at Russian roulette
I can show you how to win at Russian roulette
I can show you how to win at Russian roulette
Pull the trigger pull the trigger
pull the trigger, pull it!

I can show you how to win at Russian roulette
I can show you how to win at Russian roulette
I can show you how to win at Russian roulette
Pull the trigger pull the trigger
pull the trigger, c'mon!

Russian!

And so leave, but don't leave
And please leave, but don't leave
And please leave, but does she leave?
No, no no no!
