

Tugboat

British Sea Power

I don't want to go to your party
I don't want to talk to your friends
I don't want to vote for your president
I just want to be your tugboat captain

There's a place I'd like to be
There's a place I'd be happy
There's a place I'd like to be
There's a place I'd be happy
There's a place I'd like to be
There's a place I'd be happy
There's a place I'd like to be
There's a place I'd be happy

I don't want to go to your party
I don't want to talk to your friends
I don't want to vote for your government
I just want to be your tugboat captain

There's a place I'd like to be
There's a place I'd be happy
There's a place I'd like to be
There's a place I'd be happy
There's a place I'd like to be
There's a place I'd be happy
There's a place I'd like to be
There's a place I'd be happy
