Britnee Kellogg

Well the pilot said it's 87
And there's not a cloud in the sky
And in thirteen minutes we'll be at the gate
And I hope you enjoyed your flight
Well my seatbelt was off, though the light was still on
Nothing could hold me back
I said goodbye to where I've been
'Cause that ain't where I'm at

And now I'm home
Where my hopes and dreams will find their wings
I've known someday I'd feel like I finally belong
Someplace so me this just might be fate whispering in my ear
I don't know a soul or what's in store, all I know is I'm here
And it feels like home
Feels like home

Well I missed two chances on a cheap one bedroom
They say the third time's the charm
Well I'm short on money but I'm long on faith
And I'm squeezing my future right out of the stars
People keep on saying she won't be staying
It's just too tough of a town
But I didn't come all this way
Just to give up and turn back around

Now that I'm home
Where my hopes and dreams will find their wings
I've known someday I'd feel like I finally belong
Someplace so me this just might be fate whispering in my ear
I don't know a soul or what's in store, all I know is I'm here
And it feels like home
Feels like home

Yeah, well this is where my heart is
And you know what they say
Now that I have found it
This is where I'll stay

Home
Where my hopes and dreams will find their wings
I've known someday I'd feel like I finally belong
Someplace so me this just might be fate whispering in my ear
I don't know a soul or what's in store, all I know is I'm here
And it feels like home
Feels like home

Oh, I've always known
Feels like home
