

# Honey

Britnee Kellogg

Is it the whiskey burning?  
Is it the downtown lights?  
Or the song that's playing?  
Making me wanna make a move tonight  
You make the bitter better  
Yeah, you pour it on sweet  
Do you know what you're doing?  
How it gets me

When you call me 'baby'  
Something 'bout the way you say it  
Hands on my waist  
Just a little taste of that honey, honey  
I've been buzzing lately  
You sugar rush me  
Head over my feet  
Wanna be your queen  
So say you're gonna be my honey, honey  
Honey

It's been a long time coming  
For you and me  
Well, I don't know about forever  
All I know is

When you call me 'baby'  
Something 'bout the way you say it  
Hands on my waist  
Just a little taste of that honey, honey  
I've been buzzing lately  
You sugar rush me  
Head over my feet  
Wanna be your queen  
So say you're gonna be my honey, honey  
Honey

Every little kiss  
Every heart skipped beat  
Driving me crazy  
Every little thing  
Boy, you make the bitter better  
Pour it on sweet  
Boy, it gets me

When you call me 'baby'  
Something 'bout the way you say it  
Hands on my waist  
Just a little taste of that honey, honey  
I've been buzzing lately  
You sugar rush me  
Head over my feet  
Wanna be your queen  
So say you're gonna be my honey, honey  
Honey
