

It Ain't With You

Britnee Kellogg

I see you looking at my stuff
I bet it's hard to see my happy
'Cause last time we talked I was a mess
Time didn't stop when I sent you packing

I post, you look
You hope I took another selfie
But it's of me and him

'Cause I'm in love
And it ain't with you
He's a better man
Honey, it ain't you
Here's the truth if you want proof
I don't care what you do
'Cause I'm in love
And it ain't with you

You keep on texting all my friends
You look at every single story
Let me let you in on how this ends
Baby you still don't do it for me

'Cause I'm in love
And it ain't with you
With a better man
He knows what to do
Here's the truth if you want proof
I don't care what you do
'Cause I'm in love
And it ain't with you

I'm in love (ain't with you)
I'm in love (ain't with you)
I'm in love (ain't with you)
I'm in love (ain't with you)

I'm in love
And it ain't with you
He's a better man
He knows what to do

I'm in love
And it ain't with you
He's a better man
He knows what to do
Here's the truth if you want proof
I'm in love
And it ain't with you
I don't care what you do
'Cause I'm in love
And it ain't with you

No, it ain't with you
Boy, it ain't with you
Boy, it ain't with you
Oh, it ain't with you
