

## This Mess

Britnee Kellogg

It's unruly but it's beautiful  
It's spilled milk on the kitchen floor  
It's laundry on the bed  
For 2 days ain't been folded yet

It's tangled and complicated  
Sticky finger refrigerator  
Paintings of a family  
Ain't quite what we'd thought it'd be

But who'da thought it'd be so sweet  
Nowhere else I'd rather be  
Kissing in the kitchen with your arms around me  
In this mess, this mess

Hail Mary right from the start  
Found our way feeling through the dark  
Baby, it's a miracle we got this far  
But this mess, this mess is ours  
This mess is ours

It's two hearts both a little cracked  
It's baggage we ain't unpacked  
It's cheap champagne little victories  
Running on coffee and no sleep

But who'da thought it'd be so sweet  
Nowhere else I'd rather be  
Kissing in the kitchen with your arms around me  
In this mess, this mess

Hail Mary right from the start  
Found our way feeling through the dark  
Baby, it's a miracle we got this far  
But this mess, this mess is ours  
This mess is ours

We're the ones that made it  
Honey I wouldn't trade it

But who'da thought it'd be so sweet  
Nowhere else I'd rather be  
Kissing in the kitchen with your arms around me  
In this mess, this mess

Hail Mary right from the start  
Found our way feeling through the dark  
Baby, it's a miracle we got this far  
But this mess, this mess is ours  
This mess is ours
