

# Get Back

Britney Spears

The one and only... Britney

Yeah

You ready B?

I think you're ready.

1234-4-4

Uh.

1, 2, 3, 4

Oh no, here we go

Catch me if you can

Don't move too slow

I'm on another level

Can you feel my flow?

See how good

When I'm on the floor

Wonder if you ever

Gonna zing that I got

I told you before that I'mma keep it hot

See how it is

When I walk up in the spot

Standing in a line

Ah, I think not

I came to party baby

You might think I'm crazy

By the way I'm moving to the beat

You're standing on the wall

What you come here for?

You wanna feel the heat

Dance and lose control

Get back (Get back) (3x)

If you can't take it then get back

Get back (Get back) (2x)

If you can't take it then get back

Get back (Get back) (2x)

If you can't take it then get back

Get back (Get back) (2x)

If you can't take it then get back

Get back (Get back) (2x)

If you can't take it then

DJ spin it back

Know that I like it

When you do it like that

Eyes on my waist

Boy, you better think fast

Got that kind of body

Make you wanna spend cash

Shake it like you seen them do it in the video

Ladies on the floor

Let me see you get low

Fellas at the bar

Won't you spend a little dough?

This is how I do it

When I'm tearing up the floor

Watch me  
You like it  
I've got it  
1, 2, 3, 4

Would you like it  
If I tease you  
Get you really hot  
Watch me turn around  
Then let me show you what I got  
Baby if you're ready  
Won't you step up to the plate  
Don't be scared of how I'm moving

Boy don't play it safe  
Let me see you move  
Let me see you dance  
Let me see you bounce  
Danja, bring it back
