

Love Me Down

Britney Spears

You say we don't talk anymore but
I'm thinking we talk too much
Whenever we speak we fight so
Come talk to me with your touch
You're playing with fire, and you like it
A little bit dangerous

Round and round we go 'til we fall like dominoes
Oh no

My baby gon' love me down
Gon' love me down, gon' love me down, yeah
My baby gon' love me down
Don't make a sound, just love me down like
My baby gon' love me down like
My baby gon' love me down

La-la-la-love me
La-la-la-love me
La-la-la-love me, down, down
La-la-la-love me
La-la-la-love me
La-la-la-love me, down, down
La-la-la-love me
La-la-la-love me
La-la-la-love me, down, down
La-la-la-love me
La-la-la-love me
La-la-la-love me

I see who you are with the lights out
We're better just skin to skin
I'm treating you real, real nice now
We'll finish and start again

Round and round we go 'til we fall like dominoes
'Til we can't see straight no more
Oh, no, oh, no

My baby gon' love down
Gon' love down, gon' love down, yeah
My baby gon' love down
Don't make a sound, just love me down like
My baby gon' love down like
My baby gon' love down

La-la-la-love me
La-la-la-love me
La-la-la-love me, down, down
La-la-la-love me
La-la-la-love me
La-la-la-love me, down, down
La-la-la-love me
La-la-la-love me
La-la-la-love me, down, down
La-la-la-love me
La-la-la-love me

La-la-la-love me, down

(Love me down)

Said round and round we go
'Til we fall like dominoes
'Til we can't see straight no more

My baby gon' love down
Gon' love down, gon' love down, yeah
My baby gon' love down
Don't make a sound, just love me down like (love me down)
My baby gon' love down like (love me down)
My baby gon' love down (love me down)

La-la-la-love me
La-la-la-love me
La-la-la-love me, down, down
La-la-la-love me
La-la-la-love me
La-la-la-love me, down, down
La-la-la-love me
La-la-la-love me
La-la-la-love me, down, down
La-la-la-love me
La-la-la-love me
La-la-la-love me, down
