

# The Lost Get Found

**Britt Nicole**

Hello my friend  
I remember when you were  
So alive with your wide eyes to the light  
Then the light that you had when your heart was stolen  
Now you say that it ain't worth stayin'  
You wanna run but your hesitatin'  
I'm talkin' to me

Don't let the lights go down  
Don't let the fire burn out  
Cause somewhere, somebody needs a reason to believe  
Why don't you rise up now?  
Don't be afraid to stand out  
That's how the lost get found  
The lost get found

So when you get the chance (get the chance)  
Are you gonna take it (take it)  
There's a really big world at your fingertips  
And you know you have the chance to change it  
There's a girl on the streets, she's cryin'  
There's a man who faith is dying  
Love is calling you

Don't let the lights go down  
Don't let the fire burn out  
Cause somewhere, somebody needs a reason to believe  
Why don't you rise up now?  
Don't be afraid to stand out  
That's how the lost get found  
The lost get found

Why do we go with the flow?  
Why take the easier road?  
Why are we playin' it safe?  
Love came to show us the way  
Love is a chance we should take  
I'm movin' out of the way

Dada dada da da (2x)

Don't let the lights go down  
Don't let the fire burn out  
Cause somewhere, somebody needs a reason to believe  
(stand up)
