

# Weekend Magic

**Britt Nicole**

We got that weekend magic  
That sunshine glow, yeah baby  
It's fantastic, just letting go  
I love how we keep laughing all night long  
We got that weekend magic  
That weekend magic

We're taking it slow, nowhere to go  
Baby we can stay right here  
We're falling in love, under the sun  
Baby we can stay right here

Friday, Saturday, Sunday (hey)  
Staying up sleeping in late  
We can do it all our way  
Friday, Saturday, Sunday (hey)

Yeah, it's my favorite  
Coffee in the morning, being lazy  
All I want is to be with you baby  
Sunday afternoon drives  
Baby, it's the good life  
Baby, it's the good life

It's fantastic, it's so classic

Baby, it's the good life
