

# I Don't

Brittany Howard

I don't  
I don't  
I don't  
All work and no play makes me a very sad one

Does anyone remember what it felt like  
To laugh all night (All night)  
And sleep in late (So late)  
Not worry about anyone or anything?

Well, I don't  
I don't  
All work and no play makes me a very sad one

Does anyone even care  
That we don't smile with our eyes anymore?  
All day (All day)  
All night (All night)  
We don't realize anymore

I don't  
I don't  
I don't  
I don't  
Now sing it with me  
(I don't, I don't, I don't) I don't  
All work and no play makes me a very sad one  
Well, I don't  
I don't  
All work and no play makes me a very sad one
