

Prove It To You

Brittany Howard

I've never been good at saying what I mean
Every time I try, it comes out incomplete
Believe me, baby
I will show you how I feel for you right now

All I wanna do is prove it to you
All I wanna do is prove it to you
All I wanna do is prove it to you

I've never been any good at falling in love
I fall so hard I never get up
Don't hurt me, girl
I can't take it no more
Makes me ask what I'm doing it for
'Cause I love the way you make me feel

I hope I do it for you, baby

All I wanna do is prove it to you
All I wanna do is prove it to you
All I wanna do is prove it to you
