

## Red Flags

Brittany Howard

Headfirst  
Don't think  
Listen what I'm feeling first  
I came, I saw, unconscious  
The best time that I ever had  
That's when the worst times started  
I followed you and didn't look back  
I didn't know love could feel like that  
I ran right through them red flags  
I ran right through them

I thought of trying harder  
To keep the feeling from breaking  
To get more of your love  
Dreaming a way to keep from waking

Don't let it die  
Don't say that it's only love  
Don't let it die  
Don't say that it's only love

Headfirst  
Don't think  
Listen what I'm feeling first  
(Do you feel it too?)  
I came, I saw, unconscious  
(Do you know what we're supposed to do?)  
The best time that I ever had  
That's when the worst times started  
(Tell me)  
I followed you and didn't look back  
(Do you feel it too?)  
I didn't know love could feel like that  
(Do you know what we're supposed to do?)  
I ran right through them red flags  
I ran right through them

Don't let it die  
Don't say that it's only love  
Don't let it die  
Don't say that it's only love
