I don't wanna be here, I don't wanna hurt you
I don't have the courage, I don't have the virtue
I don't have a reason I just know it ain't you
I'm living in the future, I'm trying to avoid you
I'm living in the future, I'm trying to get along with you

I'm split in two, I don't know what I wanna do
I'm split in two, should I stick with you?
I don't know how I'm gonna choose
I'm split in two

I don't wanna be here, I don't wanna hurt you
I know that I've been checked out, I know I need to come to
I know I'm not the person you were introduced to
And it's getting harder not to disappoint you
It's getting harder not to disappoint you

I'm split in two, I don't know what I'm gonna do
It's me or you, I'm split in two
I don't know how I'm gonna tell the truth
I'm split in two, I can't get used
To being who you need me to choose
I'm split in two, I'm split in two
Oh, I'm split in two
