

MIA!

Britton

Hot skin
Heavy breath
You feel
Heaven-sent
Don't make
Me regret
Keeping the door unlocked

Might be
A bad decision
But I don't
Wanna listen
My own
Intuition
Can't convince me to stop

I'm MIA again
But don't go looking for me
Back in that same damn bed
God knows they tried to warn me
If you loving you means I
Got a screwed-up mind
I don't wanna be right
I'm MIA again
Am I
Always gonna want you?

Pull me close
Tell me lies
You already know
What I like
Got me weak now
Kryptonite
Want you deep down
Don't be shy
Got me begging
Pretty please
Got me getting
What I need
No one knows why
I'm not around
They better not check your house

I'm MIA again
But don't go looking for me
Back in that same damn bed
God knows they tried to warn me
If you loving you means I
Got a screwed-up mind
I don't wanna be right
I'm MIA again
Am I
Always gonna want you?

I'm MIA again
Am I
Am I

Always gonna want you?

I'm MIA again

Am I

Am I

Always gonna want you?
