

# Get Me Some

Bro'Sis

Yeah...

At Saturday night - ah  
She had a dress that was so tight  
If I only knew what I was getting' into  
I said, you turn me on  
I said, you're coming on strong  
And my man is standing right behind you

Now everybody wants what they ain't got  
And it don't matter if you need it or not  
And I need you more the more you push me away  
I want you to look but I don't want you to touch  
Now I'd never needed you so much  
You'd better listen up girl when I say

Chorus

I wanna get me some of that  
I need to get me some of that  
I wanna get, gonna get me some of that  
I wanna get me some of that  
Gonna get me some of that  
I need to get me some of that  
I wanna get, gonna get me some of that (girl)

I said, I'm only gonna give it up  
To only one man  
And I don't love you  
I said, don't worry bout a thing  
Cause for what I got planned, babe  
You don't need to (baby)

Now everybody wants what they ain't got  
And it don't matter if you need it or not  
And I need you more the more you push me away  
I want you to look but I don't want you to touch  
Now I'd never needed you so much  
You'd better listen up girl when I say

Chorus

I wanna get me some of that  
Gonna get me some  
I need to get me some of that  
I wanna get, gonna get me some of that  
I wanna get me some of that  
Some of that  
I need to get me some of that  
I wanna get, gonna get me some of that

Rap

Dress skin-tight upon flesh woman flexing  
Look at all the people on the dancefloor, they're be dancin'  
Saturday night, they can be lookin' but no touchin' best  
Listen up boy, because...

Now everybody wants what they ain't got

And it don't matter if you need it or not  
And I need you more the more you push me away  
I want you to look but I don't want you to touch  
Now I'd never needed you so much  
You'd better listen up girl when I say

I wanna, I wanna  
You gonna, you gonna  
Get me some of that  
I wanna, I wanna  
You gonna, you gonna  
Get me some of that

Chorus

I wanna get me some of that  
Gonna get me some of that  
I need to get me some of that  
I wanna get, gonna get me some of that  
I wanna get me some of that  
Gonna get me some of that  
I need to get me some of that  
I wanna get, gonna get me some of that

I wanna get me some of that  
I need to get me some of that
