

Forget Every Time

Broadcast

If I were a candle, I would dance for you
Maybe move the shadows in your room
And if you wanted to we could be together, I think we should

Ah, ah-ah
Forget every time my words cursed
Forget every time you never turned dirt
Let's dig ourselves out of this world

If I were a mirror, we'd be face to face
Got me and you and everything you have in your place
And it's obvious to see you go down without me

Ah, ah-ah
Forget every time my words cursed
Forget every time you never turned dirt
Let's dig ourselves out of this world

Ah, ah-ah
Ah, ah, ah
Ah, ah-ah
Ah, ah, ah
Ah, ah-ah
Ah, ah, ah

If I were a candle, I would dance for you
Maybe move the shadows in your room
And if you wanted to we could be together, I think we should

Ah, ah-ah
Forget every time my words cursed
Forget every time you never turned dirt
Let's dig ourselves out of this world

We've had enough
Had enough
Enough
